

WANTED

James Andrew GILLIAR

Biden family handler and U.K. intelligence asset, James GILLIAR, was in charge of brokering a deal between CCP-controlled energy firm CEFC and Hunter Biden. GILLIAR reminded Tony Bobulinski to not “mention Joe being involved,” but only tout Joe’s involvement when “face to face” because “they are paranoid.” This elusive figure also wrote to Tony and Hunter that Joe should secretly hold, through Hunter, a 10% stake in the venture. GILLIAR needs to respond to U.S. Senators, who have repeatedly demanded answers from this sheik advisor and received none.
